Completely understand.

No, the meeting is not open to the public. The CEI Chair invites or approves attendance by individuals other than the committee members.

Sometimes, AVMA has its news team attend meetings; however to my knowledge, the AVMA news staff has not been invited to this meeting. If any are there, I will ask them to leave if needed.

Kristi,

I will ask my other colleagues that work on the other vet relevant topics you have listed below if they have anything they would like to include. Regarding me presenting on rodenticides, I still need to get approval from my management. Two questions they will want to know are: 1 is this meeting open to the public, and 2 will this meeting be covered by the press?

Best,
Rusty

Glad to hear! I'll be traveling this week; thus, you can reach me on my cell – 217-720-4696. I'll be in a meeting but will step out for the call and am not sure how the phone reception will be at the location of the meeting. If for some reason I can't answer when you call, please leave a message and I'll call you right back. Will this be at 12 pm Central or at 1pm Central on Thursday?

As for discuss with the whole group, I'm sure that the Committee would be interested in hearing any regulatory status, update, or items on the horizon that you'd like to share pertaining to rodenticides or other pesticides (e.g. spot-ons, GonaCon for population control for deer and wild horses, etc.) or other issues impacting animals or the veterinary profession. Anything like GonaCon on the horizon for feral swine??

The meeting itself will be in Schaumburg, IL, at the AVMA HQ – the address of which is in my signature block; however, the meeting will also incorporate a teleconference and GoToMeeting so that members and guests who are unable to attend in person may participate. While certain time blocks during the meeting are already reserved for others to call in, the schedule has flexibility to move other discussions around to accommodate. Would you like an hour? 30 min? Would any of the following times work?

9/25 – 10 – 11 am Central

9/25 – 3:30 – 4:30 pm Central

9/26 – any time between 9 am and noon Central

Ms. Amy Miller, cc'd here, is helping me with the meeting and among other things is in charge of logistics. Since I'm traveling this week, working with her to finalize a time and get the meeting access info may be more efficient. If there are any questions, please don't hesitate to ask.
Thank you!

Good Morning Kristi,

Thursday at 1 sounds great. Since I am not sure where we will be calling you from, should we call you at the number on your signature block? We are interested in talking with your group next week, though we will need more details (when, where, and specific areas you think should be covered).

Regards,

Rusty

Hello Mr. Wasem.

Dr. Scarfe forwarded me your request for a conference call since I work with the AVMA's Committee on Environmental Issues (CEI), which addresses rodenticides issues including wild and domestic animals poisoned by them. Of the times that you had offered, this Thursday (9/19) at 1 pm works for me if you'd like me to call into your office. Would you like me to call you at the number in your signature block below?

Additionally, the timing on this is perfect if EPA would like to speak with the CEI since the CEI's meeting is Sept. 25 – 26. If there is something that you'd like to present, ask, or discuss with the whole CEI, the meeting agenda can be modified to accommodate. Also related, draft content for an AVMA webpage on rodenticides is currently on the meeting agenda.

If there are any questions, please let me know.
Thank you!

Good Evening David,

Are you all available for a brief (~30 min) conference call next week? We are interested in getting in touch with veterinarians who have treated pets and wildlife exposed to rodenticides and are wondering if AVMA can provide us any contacts for this. We are available next week on Wednesday 10-11 am and Thursday 9-10 am or 1-2 pm. Do any of these times work for you?

Best,

Rusty
